Capital Campaign Progress & Partnerships

Veterans Memorial Amphitheatre Renovation Update

The Capital Campaign has been in full force for one year with encouraging results.

- A blue-ribbon Advisory Committee has been formed, including elected officials and business leaders from throughout the Sacramento Region.
- Significant financial resources have been donated by generous individuals and businesses.
- SMUD has agreed to donate \$12,000 toward the new energy efficient lighting system to be installed on the Theatre light bridge. They also announced that the Greenergy Program will benefit the FOTF.
- The FOTF and Fair Oaks Recreation & Park District will make a final decision in late June on the basic design and square footage for the renovated stage house. The District has agreed to appropriate the funds needed for architectural services.
- Several fundraising receptions have been held featuring performances by FOTF actors. These events educate community members on the programs and opportunities available through the all-volunteer Fair Oaks Theatre Festival and their partners at American River College.

Let There Be Lights!

SMUD & Fair Oaks Theatre Festival have teamed up to pioneer an advanced technology lighting system for the new light bridge at the Veterans Memorial Amphitheatre. With generous funding from SMUD, plans are underway to install LIFI Plasma high intensity fixtures that offer longer life and brighter colors. SMUD will conduct ongoing research, monitoring the performance of the system as part of its work to develop affordable, high-quality lighting with greater energy efficiency.

Energy

SMUD Announces Greenergy Program

Benefitting the **Fair Oaks Theatre Festival Capital Campaign**

When you sign up for SMUD's Greenergy Program, a donation will be made to the Fair Oaks Theatre Festival and SMUD will fund the development of cleaner energy resources!
